## NAMED Learning Center continues to make an important difference

2 messages

---

Dear members of the **NAMED** family,

We continue to be so grateful to your family for endowing the **NAMED** Learning Center, which continues to be a hub for student support and innovative resources that enhance the experience for all students and teachers. I thought you would appreciate seeing just one of the ways the Learning Center supports **all** Lower School students.

Designed by the Lower School Learning Center Specialists in consultation with our occupational therapist and JK-Grade 1 teachers, the [sensory pathway](#) offers activities that reset the proprioceptive and vestibular system, meaning each piece of the sensory path is designed to help students improve their body awareness (proprioceptive) and support balance and spatial orientation (vestibular).

When these sensory systems are working optimally, students have improved cognition, and are more available for learning. It has already helped many students who need to increase their energy levels as well as those who need to settle their bodies so they can tackle new projects and tasks within the classroom.

Lower School teachers have already seen the benefits of this resource. Teachers have reported that students have reset themselves and have been better able to focus in class. In fact, we saw such good results that a mini path has been installed in the Learning Center on the third floor of Hazel Lower School so older students in the Lower School receive the same benefits in a developmentally appropriate manner.

[This video](#) shows the pathway in action as narrated by Lower School Learning Specialists.

If you are interested in visiting the NAMED Lower School and trying out the sensory pathway yourself, please let me know and I'd welcome the opportunity to host you.

Sending my very best wishes,  
Meredith

Dear [NAME],

Thank you for making Haverford, and its exceptional values-based liberal arts education, a philanthropic priority. Every aspect of the College is impacted by the generosity of those who believe that an outstanding undergraduate education—and ensuring access to students from all walks of life and from all economic backgrounds—is the foundation for positive change in our world.

A first-year student recently shared their reflections about their first semester on campus with the following affirmations: “I’ve had so many exciting and valuable experiences at Haverford. I’ve met many people who have awed and inspired me with the passion they hold for learning and have made amazing friends who have been very supportive and loving. The community at Haverford is exactly how I expected it to be: vibrant, warm, intelligent, and genuine.”

[NAME], your financial gifts—including the most recent to [FUND]—are creating that unique environment this first-year student references. Haverford is a place where curiosity is encouraged, honesty is nurtured, and academic rigor is celebrated...and none of that would be possible without the philanthropic support of the Haverford community as a whole.

Thank you for your support of the College and for believing in Fords everywhere.

Best wishes from campus,

[Lauren](#)

Dear Ms. REDACTED,

As we enter a new year, we want to take a moment to appreciate those who mean so much.

Thank you for your generous gift to the NIU Education System Center. This contribution will have a profound, positive impact on Huskie students, as well as the larger community and the world.

Through your support, the Education System Center can shape and strengthen education and workforce systems to advance racial equity and prepare more young people for productive careers and lives in a global economy. It also allows the University to forge longstanding leadership roles with state agencies and intergovernmental bodies, such as the Illinois P-20 Council, while strategically working at the state and local levels to ensure policies are created and implemented in meaningful ways.

Your philanthropy is a beacon of hope for Black and Latinx students who deserve racial equity in educational and employment experiences. I appreciate the investment in this system, and I look forward to seeing the wonderful ways it will grow and improve our university for the better.

During this time of year, it's natural to reflect on the gifts in our lives and I want you to know how grateful I am for your dedication to this university and its students. Your selfless generosity will make a difference to so many in the coming year, and I am excited to see what 2023 will bring for all Huskies, near and far. I wish you and yours a Happy New Year! Thank you for being a gift to so many.

Sincerely,  
REDACTED

Dear Mr. REDACTED,

Thank you for your generous gift to the Generous Donor Memorial Scholarship, which will make a difference in the lives of our hardworking journalism students. It is such a fitting and meaningful way to memorialize your friend and fellow Huskie (*in memory of name*), who believed in the uniting power of storytelling.

As you know, scholarships are so important to students, and hardships brought on by the pandemic and economic difficulties only make these resources even more necessary. Your scholarship allows deserving journalism students more time to study for their future careers and

helps relieve them of the stresses of financial burdens, employment, family obligations and other demands.

It is so important for us to invest in journalists who seek the truth and tell stories of those who are marginalized or forgotten. These future leaders will ensure a free and democratic American society and will remind us of our core values of integrity and honesty, long into the future.

Again, thank you for your generosity. Your philanthropy means so much to deserving students, and the ripple effect of your selfless contribution will continue to make a difference in our community and our world.

Sincerely,  
REDACTED

Dear

Thank you for your loyal support of the [REDACTED] Program Director Endowment. Your leadership support helps to provide opportunities to deepen students' understanding of the importance of business ethics and gives their dedicated professors excellent mentorship opportunities.

Your contribution also allows us to prepare for a Fall 2022 campus wide ethics case competition as we also plan for the annual regional spring competition. These interactive events will foster a broader campus-wide discussion of and appreciation for the importance of examining fair business practices, engaging in rational debate, and cultivating students' skills of persuasion and debate. We are grateful for your continued thoughtful philanthropic contributions to our mission.

I hope to see you on the Cape this summer.

Warm regards,

Thank you and your colleagues at The [REDACTED] Foundation for the [REDACTED] for completing your grant which allowed us to showcase Providence's creative professionals. Their unique artistic visions and community engagement at Providence College Galleries (PCG) provided a platform for diverse, talented voices who help build an inclusive environment where the arts challenge us and cultivate a sense of unity.

I am also grateful for your support of PCG and [REDACTED] to establish the [REDACTED]. You continue to champion the work of inventive Providence artists procreating non-traditional public art displays.

Thank you for your partnership and support.

Sincerely,

Dear Name,

Thank you for your generous gift to establish the [REDACTED] Endowed Nursing Scholarship in honor of three exceptional nurses in your family – [REDACTED], who will complete her RN nursing degree this year.

Your investment will help Providence College to educate skilled, empathetic healers who will have a profound impact on patients and healthcare systems. As you know, PC produces graduates who are not afraid to take on tough challenges, and students in the School of Nursing and Health Sciences will have an opportunity to earn their degrees because of your kindness.

Your gift will also strengthen PC's upcoming campaign and help fulfill PC200's goal to provide a distinctive educational experience. Support directed to students studying in the School of Nursing and Health Sciences enhances our commitment to form unique connections between the liberal arts and professional courses of study, and with excellent students, we will elevate our ability to recruit and retain superior faculty.

It is through inspired alumni and friends like you who value how the College has shaped [REDACTED] life that we can sustain the College's pledge to our outstanding students and, in turn, perpetuate PC's tradition of excellence into our second century.

Homecoming gave us an opportunity to reflect on our successes and celebrate everything Friartown. Spending time with you at the President's Dinner was a highlight of my weekend. I cherish your friendship and family.

Dear Names,

Thank you for your leadership commitment to The Fund for Providence College. You help bolster our commitment to a powerful educational strategy designed to prepare students to lead lives of purpose, becoming civically responsible, and socially useful.

I see in you the caring and desire for excellence that have become a hallmark of PC parents. It is a pleasure to learn how well Tommy has thrived academically and socially. You are blessing to our community, and I feel fortunate to have you as part of the Friar family.

Dear ##pldg-salutation##,

I would not be here at UT today if it was not for donor support! Thank you for supporting the College of Education, Health & Human Sciences.

What I value most about my experience at UT is being able to work with children in various places and directly apply what I have learned so far. Scholarships have enabled me to continue my undergraduate education and will help me finish my graduate school education.

Even the smallest contribution can make a big difference in a UT student's education. Thank you for choosing to give back!

Thank you for supporting the University  
of Tennessee

Dear ##pldg-salutation##,

Thank you for your gift to the College of Nursing at the University of Tennessee, Knoxville. Your support allows us to pursue our mission to optimize health through nurse-led care by integrating education, practice, research, and technology.

College of Nursing enrollment has increased by more than 30 percent over the last five years—now at a record-high 1,047 students! We continue to celebrate milestones that underscore our success as a leader in transforming health care:

- The 2022 U.S. News and World Report ranked the College of Nursing's doctoral program in nursing practice No. 38 among all public universities.
- Our 2021 BSN graduates had a 94 percent NCLEX-RN first-time pass rate. This pass rate is higher than both the national average of 82 percent and the Tennessee average of 88 percent.
- This year, we distributed a record-breaking amount of over \$300,000 in scholarships and awards to support our students and faculty.
- Our freshman class is among the university's best and brightest, with an average ACT score of 29.8 and high school GPA of 4.3!

These achievements are made possible through the generosity of our loyal supporters. Once again, you have my sincerest gratitude for your

commitment to the College of Nursing and our endeavors to improve health in Tennessee and beyond.

EXPRESSION OF **gratitude.**

Dear Mr. Cox,

My name is Fady Eskander, and I am from Mount Juliet, Tennessee. I was born in Egypt in 2003 and my family moved to the U.S. in 2007; I have lived in Tennessee ever since. I am a second-year undergraduate student with a major in neuroscience (I hope to double major in biology or chemistry) in the College of Arts and Sciences. Throughout my studies, at UT I hope to gain acceptance into medical school where I can further advance my education. Some organizations that I am involved in include the department of UT Housing and the Vol Study Center. I am a resident assistant in Fred D. Brown Hall and a chemistry Supplemental instructor. I enjoy being a part of both of these organizations at UT because they truly make me feel connected to the community.

The main things that I enjoy about UT Knoxville are the people, the campus, the courses, the food, and especially the volunteer traditions. I love talking and meeting people around campus because people are truly the way of the world. I value forming deep relationships with people that will last and Knoxville is just the place for that. I also really enjoy the courses that are offered at UT, while they may be challenging, I definitely feel that they are preparing me for a future in medicine. In addition, the biggest contribution that led me to officially commit to UT was the culture/traditions of the Tennessee Vols. I love being around other vols because their school spirit is amazing!

Being a recipient of the UT Knoxville Parents and Families Scholarship will greatly assist me in achieving my academic goal. Over winter and summer breaks I work 60-70 hour weeks in order to attempt to cover my semester costs. Receiving this scholarship will allow me to focus more on my education and less on what I owe. It gets very stressful when budgeting/planning with your money, however, with this scholarship, I will be able to relieve some of that stress. My future career plans are to complete my undergraduate studies (hopefully in neuroscience and biology), gain acceptance into medical school, become a resident physician, and become a fully board-certified attending physician.

Lastly, I want to thank you for taking the time to read this and making this scholarship possible for me and other students.

Thank you,

*Fady Eskander*

Dear John and Jane,

Thank you for being a forerunner in supporting the University of Oklahoma's strategic plans through your significant contribution to Lead On: The University of Oklahoma's Campaign for the Future. I'd like to also welcome you as a newly recognized member of the George Lynn Cross Heritage Society, the university's special assemblage of donors who have made estate gifts to the University of Oklahoma.

Dr. George Lynn Cross was the longest serving president of the University of Oklahoma, whose legacy included many academic successes during his more than 20-year tenure. In addition, Cross presided over the university throughout the most winning college football program of the 1950's and is well known for his goal to "build a university of which the football team could be proud." To that end, Dr. Cross pushed for the formation of the University of Oklahoma Foundation, which began as a trust in 1944 with a \$160 check held in the president's desk drawer.

Over 75 years later, the OU Foundation is and will always be able to help create a margin of excellence for the university because of people like you.

George Lynn Cross embodied all that is good and noble about the OU family - humility, hard work and the importance of legacy, of planting the seeds of excellence today for tomorrow's students. As a newly recognized member of the George Lynn Cross Heritage Society, you are similarly advancing important priorities for the future of the university we love.

Sincerely,

Let  $f(x) = \prod_{i=1}^n (x - a_i)$   
and suppose  $f(x) = 0$ ,  
 $f(x) = \prod_{i=1}^n (x - a_i)$   
we can say  $f(x)$  is composed of the sum of the  
of  $x$ , and  $f(x)$  is  $f(x) = 0$

ex:  $f(x) = 2x^2(x-1)(x-2)$   
if  $2x^2(x-1)(x-2) = 0$   
then  $f(x) = 2x^2$

Let's look at  
 $|f(x, y, z)| = \left| \prod_{i=1}^n (x - a_i) \right|$   
 $= \prod_{i=1}^n |x - a_i|$

can if  $f(x) = \prod_{i=1}^n (x - a_i) \in \mathbb{Q}[x]$   
then  $f(x) = \prod_{i=1}^n (x - a_i)$

Your Sorin Society membership empowers students with the resources they need to become forces for good in the world, giving life to the vision of Notre Dame's founder, Rev. Edward Sorin, C.S.C.

Gifts from Sorin Society members primarily fund the University's commitment to meet the full demonstrated financial aid needs of every Notre Dame student. They also give University leaders the flexibility to further the Catholic mission of the University, enhance student life and experiences, and fund emerging priorities and areas of need.

**"I cannot say how much it means to be able to enjoy campus, pursue my academic and professional interests, and give back to my residential community. I'm having so many wonderful experiences and getting to see a new kind of joy on the faces of my family members as a direct result of my growing and excelling at Notre Dame. We can worry less and celebrate more as a family because of your generosity. You are part of the answer to prayers we prayed even before my admission's decision letter arrived, and we truly thank God for you."**

On November 3, the Office of Donor Relations hosted our first on-campus Gratitude Day. Students, staff, and faculty joined us to write messages of thanks, fill out "gratitude cards" to build a Web of Gratitude, record videos for donors, and much more.

While the Donor Relations team is thanking our donors and celebrating the impact of their giving year round, Gratitude Day was an opportunity for the Spider community to come together and share anything for which they were grateful.

The enclosed thank you card was written by a student who wanted to express their gratitude for YOU! We hope you enjoy this sentiment, and we look forward to next year's Gratitude Day.
